

Do you plan to have social events this year that may require printed invitations?

*We produce invitations in 36 hours or less
(from customer approval to delivery to post office).*

Production steps are as follows:

- Step 1. With your guidance we design the invitation and related items.
- Step 2. Customer approves the design.
- Step 3. We print the invitations and related items.
- Step 4. We crease and fold the above if necessary.
- Step 5. We insert invitations and related items into envelopes.
- Step 6. We address with handwritten style script of your choice.
- Step 7. We apply postage stamps or indicia.
- Step 8. We deliver the finished product to the post office.

If you are considering handwriting addresses on your envelopes, we have a solution for making your addressed envelopes look handwritten to save you time, money, and labor of doing it yourself.

The first twelve fonts resemble handwritten styles to give your addresses a more personalized appearance. The other styles can be used for either invitations and or addressing envelopes. We can accept your address list in the most common spreadsheet formats such as Microsoft Excel, Google Sheets, Open Office Calc or any software supporting CVS formatting prepared with separate columns for name, address, city, state and zip.
